**PROGRAM MISSION:** Briefly describe the mission of the organization.

**PROJECT OR EVENT:** Describe the request in detail and amount being requested.

**BUDGET INFORMATION:** Provide the overall budget of the organization, *as well as* the budget for the grant request.

**EVALUATION:** How do you plan to assess whether or not the project or event has met its goals?

**RECOGNITION:** Great projects deserve recognition in the community, and we hope that our grants are significant enough to warrant publicity. This varies of course, depending on the project. We expect all of our grant partners to be aware that recognition is important to us, and we like to know what efforts will be taken to secure some recognition for the grant. What types of possibilities exist and what can you do to secure recognition for the grant?

**VOLUNTEER SUPPORT:** Are there opportunities to involve local Monsanto employees in this project or event?

Thank you for your interest. Good luck!
